## Railroad Topics

C. J. Lantry, of the Lantry-Sharpe Construction company, was in Albuquerque a few hours this morning on business and returned to the cut-off town on a southbound freight at noon.

George Fraser, formerly foreman of the Santa Fe blacksmith shop at this point, after spending a few days in the city on a visit to friends, left last night for a short trip to El Paso. Fraser is now working for the Santa Fe at Topeka.

Dr. W. D. Radcliffe, chief surgeon for the Santa Fe on the Belen cut-off, was in the city between trains this morning on his way to Willard from Belen, where he goes on professional business.

It's up to the Rock Island employees to settle all their bills now that more rigid rules have been handed down. The second garnishment of an employee's wages means his dismissal from the company.

Fourteen cars were wrecked the other afternoon in the yard of the Southern Pacific at Benson. The cars were being shifted to a siding, when they got away from the men in charge and ran down the grade wild. They jumped the track, running at a high rate of speed, and were piled in a heap. Six of the cars were turned over and ground into broken pieces.

The Aztec Index says: George Osborne, foreman of construction and extension of telegraph lines for the Denver & Rio Grande railroad, started the work of building the line to Aztec and Farmington Tuesday morning along the route of the new road. There will be two wires strung, one for the service of the railroad and the other for the Western Union Telegraph company. In a short time Aztec's citizens will hear the click of the telegraph instrument.

## ATTRACTIVE SUMMER TOURS OFFERED BY THE WABASH

P. P. Hitchcock, general western agent of the Wabash railroad, with headquarters at Denver, Colo., is sending out a handsome illustrated folder, telling of the many delightful summer tours that can be enjoyed via the Wabash route. A very low rate is made by this road to Niagara Falls, which in summer is one of the most attractive trips imaginable. The booklet will be sent to any address upon request.

Run Over and Killed. Seferino Segura, employed on an extra section gang on the Santa Fe, was killed Tuesday night near Shoshone. The unfortunate man was supposed to have been walking along the track and was run over by a northbound freight train and either killed or seriously injured. The accident was not discovered, and another freight train, following close behind the first, caught the man and ground his body into bits. It was exceedingly difficult to gather the remains and place them in a sack. This is one of the most horrible accidents that has ever occurred on the Santa Fe in New Mexico.

## IMMENSE CATTLE SHIPMENTS FROM SOUTH

Cattle shipments from the territory during the past few months have been enormous. The shipments from Deming alone during May and June amounted to 43,781 head, the value of which was at least \$1,000,000. Owing to the inability of the Santa Fe to furnish cars, all the Grant county shipments were made from Deming, and are included in the above number. Last year the shipments from the territory amounted to 177,000 head, the year before to 185,000 head, but this year they will be almost twice that number.

## PHOENIX TO SELECT A MAYOR

PLACE MADE VACANT BY RESIGNATION OF ADAMS, TO BE FILLED.

A dispatch from Phoenix says: The city council has decided to call a special election to fill the office of mayor, which was made vacant by the recent resignation of J. C. Adams. The council has authorized the city attorney, Roy S. Goodrich, to draw up an

## RATE OF \$10 BETWEEN CHICAGO AND NEW YORK MAY BE EXPECTED SOON.

A rate of \$10 from Chicago to New York within the next few weeks is not only a possibility, but a strong probability, says a Chicago dispatch. Unless the executive officers of the eastern lines at once interfere to stop the rate slashing which has been brought about by the refusal of the Grand Trunk and other roads to abide by the arbitrator's decision in the Michigan Central's differential rate question, this result will undoubtedly ensue. The Pennsylvania and Baltimore & Ohio met the Erie & Grand Trunk rate of \$16, and the Michigan Central will probably follow suit.

So far as can be learned here no steps have been taken yet by anybody to bring about executive interference. The Michigan Central will not take the initiative. It will devolve upon either the Pennsylvania or the Baltimore & Ohio to do so. When the feeling remains as it is today, however, it is very doubtful if even the executive officers could arrange upon any course of action that would prevent the rate war from spreading.

Fatal Freight Train Wreck. A double-header freight train on the Denver & Rio Grande railroad, going from Durango to Chama, was ditched Tuesday morning about a mile west of Boca, a small station on this side of Durango. The cause of the wreck was the spreading of the rails, both engines and several cars being thrown from the track and piled up at the bottom of the embankment. H. Smith, of Salida, engineer of the forward engine, was caught under the engine and crushed and scalded to death. E. M. Allison, of Chicago, fireman of the same engine, was also caught in the wreckage and scalded to death. All efforts possible were made to release the two men, but to no avail. Engineer Cuthbert and Fireman Koshock, of the rear engine, escaped by jumping. Cuthbert sustained a broken leg and severe bruises about the body, while Koshock was seriously cut on the side of the head. Edward McCallister, head brakeman, was also badly bruised by jumping. The engines are badly damaged, and several of the cars are beyond repair.

Announcement was made by General Manager J. M. Herbert, of the Colorado & Southern railroad, that George P. Cotter has been appointed to succeed Frank T. Dolan as general superintendent of the Fort Worth & Denver City railway, with headquarters in Fort Worth. Mr. Cotter has been superintendent of the Colorado & Southern since the Trinidad & New Mexico division for a number of years and is well fitted for the new position. The vacancy created by the promotion of Mr. Cotter will be filled by the appointment of G. D. Deleh, chief clerk in the office of the superintendent of car service of the Colorado & Southern. George Taylor is slated to succeed Mr. Welch as chief clerk. He has been his assistant for some time.

## ORDINANCE TO THIS EFFECT, TO BE PRESENTED AT THE REGULAR MEETING OF THE CITY FATHERS, AUGUST 7.

At the same meeting in which this action was taken, the council refused the certified check of W. R. Todd & Co., of Cincinnati, who bid \$300,000 for water works bonds. This is the second check from Todd which has been refused, and the council expressed the opinion that the Cincinnati brokers are not acting in good faith. Other bids are now being sought.

## Chamberlain's Colic, Cholera and Diarrhoea Remedy—The Best in Existence.

T. M. Wood, manager of the White County News, Boone, Ark., is a representative southern business man, who does not hesitate in expressing his good opinion of a well known remedy. He says: "It gives me pleasure to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy, having used it myself and in my family with the best results. In fact I believe it to be the best remedy of the kind in existence. Sold by all dealers."

J. E. Curran announces that he has "perfected arrangements to establish a new wide-awake independent Sunny-side, Oklahoma county, N. M." The first issue will be published Saturday, August 12.

The Ellett-Kendall Shoe Company. The incorporators are Arthur G. Ellett, Thomas C. Ellett, Benjamin P. Ellett, Alfred W. Ellett and Irene Ellett, all of Kansas City, Mo. The purposes for which this corporation was formed are to conduct, sell and manufacture boots, shoes and footwear of all kinds, and leather and rubber goods, wares and products, and other articles of every kind and nature usually made or dealt in by persons engaged in the wholesale and retail shoe business. The capital stock is \$200,000 divided into 2,000 shares at \$100 each. The term of existence is fifty years, and the principal place of business is Kansas City, Mo. The number of directors shall be five and those who will manage the business of the company for the first three months are the incorporators.

"WHERE HEALTH AND PLEASURE WAIT." No. 2 of the New York Central's "Four-Track Series." Is one of the most beautiful books of its kind ever printed. It will give you an idea of a lot of charming places easily reached. For a copy, send a two-cent stamp to George H. Daniels, General Passenger Agent, Grand Central station, New York.

## Mother's Friend

was introduced, but now tangible evidence in the shape of countless mothers of advanced years who have used it, with entire success, forces us to gladly refute the integrity of this statement.

Old or young, the result is the same. It is simply indispensable during the parturient state, and absolutely invaluable at the crucial time.

For external massage, easy and simple to apply, wonderful in its effect, it surely is a living monument to the truth of that old adage, "What's in a name." We reply, "Simply Mother's Friend." \$1.00, at all druggists. Send for book, "Motherhood." It is free.

## OLD DOMINION AND PLANT IN FINE SHAPE

The new smelting plant, concentrator addition, conveyor and crushing system, etc., all to cost \$1,350,000, for the Old Dominion mine at Globe, Arizona are now nearing completion. The conveyor and crushing system are now in commission and the addition to the concentrating plant which doubles the capacity, will be in operation about August 1. Hereafter all hoisting will be through the new shaft and the old shaft will be practically abandoned.

## REMEDY FOR HAY FEVER.

After Trying Other Treatments, Hyomel Was Used With Perfect Success.

J. F. Forbes, a well known western railroad man, whose home is at McCook, Neb., writes: "I have never had any relief from any remedy for hay fever, even temporarily, until I discovered the merits of Hyomel. I always recommend it when occasion requires."

There is no offensive or dangerous stomach dosing when Hyomel is used. This reliable remedy for the cure of all diseases of the respiratory organs is breathed through a neat pocket inhaler that comes with every outfit, so that the air taken into the throat and lungs is like that of the White Mountains or other health resorts, where hay fever is unknown.

The fact that J. H. O'Reilly & Co. agree to refund the money to any hay fever sufferer who uses Hyomel without success, should inspire confidence in its power to effect a cure. A complete outfit costs only \$1 and extra bottles but 50 cents.

Indigestion Cured. There is no cure of Indigestion, Dyspepsia or Stomach Trouble that will not remedy to the digestive and strengthening influence of Kido Dyspepsia Cure. This remedy takes the strain off the stomach by digesting what you eat and allowing it to rest until it grows strong again. Kido Dyspepsia Cure affords quick and permanent relief from indigestion and all stomach troubles, builds up the system and so purifies that disease cannot attack and gain a foothold as when in weakened condition. Sold by all druggists.

Harry M. Kisslingberry, of Gallup, has accepted a position with the Zuni Mountain railroad, pulling the big engine on the log road.

On and after August 1, the office of the Albuquerque Gas, Electric Light & Power company, which has been located at the corner of Railroad Avenue and Broadway, will occupy the room in the Glickler block, at the corner of Gold Avenue and Fourth street.

## WORKS FOR FISH AND GAME WARDEN

Page B. Otero, territorial fish and game warden, has received a number of communications from residents along the Chama river, asking that he take steps to prevent the contamination of the water in the river by the sheep men, says the New Mexican. The solutions used in the dipping tank at Chama have been allowed to run into the river and the people say that it can be noticed five miles below the town. Warden Otero has instructed the sheep men to dig filter beds for the reception of this material, the beds to be placed far enough from the river to enable the dipping solutions to become thoroughly purified before entering the river.

## THE BIG PARADE, JULY 29.

Found a Cure for Dyspepsia. Mrs. S. Lindsay, of Port William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised to try a bottle of Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take a bottle of Chamberlain's Stomach and Liver Tablets? For sale by all dealers.

The Gallup Republican says: Engineer J. F. Allison of Albuquerque is here running the hill switch engine while Slim Frost is taking a lay off and visiting his old home at Portland, Me.

## THE BIG PARADE, JULY 29.

Two new smoke stacks have been erected on the stationery boilers at the boiler room, Gallup.

## Cholera infantum.

Ruth, the little daughter of E. N. Deane of Amesbury, Mass., was seriously ill of cholera infantum. Her mother says, "I gave her up and did not expect her to live from one hour to another." He says, "I happened to think of Chamberlain's Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change in the better. We kept on giving it and before long she was well. This remedy is for sale by all dealers."

## GRANITE STONE FOR BUILDING PURPOSES

Geo. E. Hopper, the contractor on the school buildings at Shiprock, San Juan county, remained over night in Farmington on his way to Denver. He took with him samples of the Farmington granite block which he will have tested and if it proves satisfactory will result in the use of this material for the buildings which are now under contract.

## THINKS WELL OF THE PECOS VALLEY

Captain and Mrs. L. D. Greer, of Morgan, Texas, are here to spend the summer with their daughters, Mesdames Cottingham and Bates, says the Rowell Record. Although the captain is near 83 years of age, he thinks one should never get too old to enjoy the delightful climate of the Pecos valley. This is their fifth summer here. He sees wonderful improvement in the lively little city as well as the country surrounding since their last visit.
